BRAGG AND BUCKNER

Probable Nominees of the Gold Democrats.

CONVENTION WELL ATTENDED.

Over Eight Hundred Delegates Will Be Present—The Leaders Well Pleased With the Result—A Lively Contest Is Expected Over the Platform—Sine Die Adjournment Expected Thursday.

INDIANAPOLIS, Sept. 2.—Senator John M. Palmer of Illinois, chairman of the provisional committee appointed at Chicago five weeks ago, will call the convention of gold Democrats to order at noon today in Toulinson hall. All the indications are that the gathering will exceed expectations both in point of numbers and states represented. From the lists in the hands of Secretary Wilson it is certain that over 800 delegates will be present, representing 41 or 42 states and territories. Considering the fact that the original call for the meeting of representatives of 10 middle western states was only issued July 20, the managers feel that they have reason to feel proud of the result of their work.

The delegates have been arriving by every train and the hotel corridors are becoming choked. But there is a noticeable lack of brass bands and shouting for candidates. The Florida delegation bearing aloft a banner of President Cleveland, were escorted to their hotel by a band of music and a marching club from Alabama came stepping along to the stirring strains of martial music, but these were the only bands on the streets. The delegates are coming quietly, many of the delegations being accompanied by prominent Democrats from their states. They are very much in earnest and say they need no blare of trumpets to feed their enthusiasm.

The delegates have stood about in groups discussing the political situation, the availability of candidates, the platform to be adopted, the advisability of making this organization permanent and other kindred questions, but little of a definite character has crystallized. The suggestion of Waterson for president, which seemed to be in high favor at first, seems to have gained no ground. The Kentucky delegation is pledged to Buckner for vice president and the sentiment seems to be drifting back to the original ticket suggested at Chicago—Bragg and Buckner.

Other names are put forward. Secretary J. Sterling Morton, Secretary Carlisle, General John C. Black of Illinois, Senator Vilas, Senator Palmer, ex-Congressman Onthwaite, and there is still some talk of Senator Gray of Delaware, despite his firm refusal. General Tracey of New York, the Delaware delegate, Comptroller Echels and others cling to the suggestion of Vilas, but the Wisconsin senator insists that the badger state is for Bragg and that he does not desire the honor. The Illinois delegates say that the nomination of General Black would interfere with their local canvass, as they have nominated General Black for governor.

David Lawler of Minnesota is for Secretary Carlisle. The Kentuckian's name is received with favor, but there is an undercurrent of opinion that the nomination of any one connected with the administration would be unwise. The eastern delegates, as a rule, are taking no hand in the selection of the candidates. They say they are willing to let the prevailing sentiment in the central, middle western and border states, where the main battle ground is, govern in this matter.

Aside from the general question as to how far the platform should go beyond a renunciation of the Chicago platform and a strong financial declaration a contest is likely to be precipitated over the question of incorporating in it an endorsement of the principle of an income tax and a declaration in favor of the retirement of the greenbacks coupled with the establishment of a new federal banking system.

There has been considerable discussion also as to the form of the financial declaration, the divergence of opinion being as to whether the plank should declare for the gold standard or without a declaration for the bimetallic standard by international agreement. The money planks of most of the gold Democratic conventions are being examined closely with a view to reaching a consensus of opinion. The demand for a single declaration for the maintenance of the gold standard comes principally from the east, but has strong supporters like Senator Vilas in the west.

The convention will complete the permanent organization and then adjourn until tomorrow, as a big massmeeting has been arranged for tonight at which Colonel Breckinridge of Kentucky, Colonel Follows of New York, Mr. Erich of Colorado and other orators will speak. The convention will be opened with prayer by Rev. John White, the Episcopal pastor of the diocese of Indiana. Ex-Governor Flower, who has been selected as temporary chairman, will deliver the opening speech.

After the announcement of the committee selections there may be a recess to give the committees on credentials and permanent organization time to meet and report or some orators may be called to the platform to fill in the time with speeches. There is only one contest, from Connecticut, where there are opposing delegations. But the settlement of this contest case, it is thought, will be easily reached.

Senator Caffery of Louisiana has already been decided on for permanent chairman. After Senator Caffery has been installed the convention will adjourn until Thursday, when the platform will be adopted and the candidates named. A sine die adjournment is expected Thursday evening.

journal until Thursday, when the platform will be adopted and the candidates named. A sine die adjournment is expected Thursday evening.

ELECTION IN VERMONT.

Republicans Carry the State by Probably Thirty Thousand Majority.

WHITE RIVER JUNCTION, Vt., Sept. 2.—The green mountain state declared for Josiah Grout, Republican, of Derby for governor yesterday and for the Republican state ticket, entire, by a majority that equalled the prediction of the most confident Republican managers. Returns from the distant towns are as usual rather slow in coming in, but the count in all sections of the state shows substantial Republican gains, indicating that the majority for the Republican state ticket will be about 30,000. This is the largest majority ever given for a governor in this state, the nearest approach to it being in 1888 when the majority was about 27,000.

The Republican leaders claim that the majority may reach 35,000 and even 37,000. H. Henry Powers, the Republican congressional candidate in the First district, and William W. Grout, in the Second district, are both re-elected by increased majorities, and the state senate and house are in the control of the Republicans by practically the same majority as two years ago.

The Populist and Prohibition vote was practically the same as four years ago.

The ticket elected is as follows: Governor, John H. Grout of Derby. Lieutenant governor, Nelson W. Fisk of Isle la Motte.

State treasurer, Henry F. Field of Rutland.

Secretary of state, Chauncey W. Brownell of Burlington.

State auditor, Franklin D. Hale of Lunenburg.

Chairman Merritt of the Republican state committee has issued a final bulletin for 230 out of 245 towns, giving a Republican majority of 37,824. The remaining towns in 1894 gave a Republican majority of 1,181, and with this majority added, Mr. Merritt figures a majority of 39,000 for the head of the ticket.

USE OF NATURAL GAS.

The Factories in the Indiana Belt Economizing in Many Ways.

ANDERSON, Ind., Sept. 2.—The report of the state gas supervisor is believed to be fair to the gas belt. Particular interest is manifested in that part where he refers to the economy practiced in several factories. In this city the art of burning gas is being rapidly systematized. One big iron working establishment uses gas, and in another factory steam uses seven-tenths air and three-tenths gas and is being successfully used under a battery of boilers.

The iron and glassmakers get the best results from the consumption of air, and there is much study on how to improve mixers. The use of oil in connection with gas is not general. Where it is used the quantity of oil is small, the supply coming from one or more spray pipes. The majority of the factories draw on but one or two wells, the mills and shops where great furnaces are operated using more.

The flambé is still burning on some of the farms in this county, one of these lights consuming in one night enough gas to heat an ordinary house for several nights. To this point of extravagance the intention of the state supervisor is directed. There is also a seemingly criminal waste of gas along several lines controlled by farmers; in many places these defects going without attention until an accident occurs. The idea has been suggested that the township constable should be given the authority of a gas inspector, he to report all needless waste of gas; the owner to be compelled to make repairs, and on failure to do so, the cost of repairs to be paid by him.

Two Old Pioneers.

ELWOOD, Ind., Sept. 2.—John Samuels and Mrs. Sarah Arnold were awarded the prizes offered by the Elwood Fair association for the two oldest persons, male and female, who were pioneers in this section. Mr. Samuels was born in this county in 1819, and he has resided here continuously ever since. Mrs. Arnold was born at Indianapolis in 1813, and she has lived here continuously since 1815.

Tenacity of a Boy's Life.

MUNCIE, Ind., Sept. 2.—Charles Holly, nine years old, fell from a tree, a distance of 30 feet. His collarbone was broken, three ribs were fractured, the points of two of them being driven through the breast and his leg and arm were splintered. His left cheek was also torn, exposing the teeth. Notwithstanding his terrible hurts, it is claimed that the lad will recover.

Farmer's Son Instantly Killed.

LOGOOTE, Ind., Sept. 2.—Joe McCauley, the son of a prominent farmer living north of this place, met with a peculiar accident, resulting in his instant death. While attempting to mount a work horse, he jumped too far and fell, breaking his neck. The team went on to the barn, and a short time after search revealed the boy in the last furrow he had ploughed.

Entire Family Poisoned.

LAPORTE, Ind., Sept. 2.—A report from Lion, Marshall county, says that the family of John Shoeman was poisoned by eating cabbage. Paris green had been sprinkled on the cabbage heads to prevent their being eaten by worms. Two children, aged 8 and 6, are dead, and other members of the family are in a critical condition.

BRYAN AT COLUMBUS

Great Outpouring of the People to Hear Him.

A CROWD OF THIRTY THOUSAND.

The Capital Grounds Packed With Men, Women and Children—Mr. Bryan Adopted the Novel Method of Speaking to Sections of the Crowd From the Four Sides of the Platform.

COLUMBUS, O., Sept. 2.—The free silver campaign in Ohio attained its high water mark in Cleveland Monday night, but the outpouring of the people to see and hear the Democratic presidential candidate at the state capital last night was greater in proportion to the size of the city than that in the northern metropolis had been. Mr. Bryan had the state capital grounds for his forum and the memory of local politicians contains no such demonstration as the one in which he played the star part. Inhabitants say that no other attraction has ever drawn so strongly in Columbus except a display of fireworks in connection with the state fair on the same grounds two years ago, when 50 per cent more people were gathered.

A roofed and flag-draped platform facing the eastern front of the capitol building and as Mr. Bryan looked down from its height of 20 feet above the faces he saw the steps and terraces packed in solid rows with the gloomy stone wall for the background, while about the other three sides of the stage across the lawn of several acres to the street beyond stood regiments of which an accurate estimate was an impossibility and which a careful guess would place at 30,000.

Looking down from the roof of the capitol building an hour before the candidate's arrival one saw the whole place, about its four sides swarming with men, women and children, a large part of the city's population reinforced by visitors to the state fair, now in progress. They jostled and pushed about the grounds and poured through the corridors of the building in kaleidoscopic currents, cheering the sky rockets which popped in the air and the brass bands stationed on the steps for their entertainment.

From the Chittenden hotel, half a mile away, Mr. Bryan came to the capitol in a barouche drawn by four white horses, and under the escort of several free silver clubs of Columbus and neighboring towns, enlivened by bands and unique campaign devices in which mammoth silver dollars shared conspicuously. A shrill cheer marked his progress along the street, and multiplied in its intensity, announced his arrival at the platform, thereafter beating the air in wave after wave throughout his speech.

On account of the size of his audience Mr. Bryan adopted a novel method of speaking, talking to sections of the crowd alternately from each of the four sides of the platform, even then not more than a tenth of the people could hear him. He was introduced by Hon. Allen G. Thurman, son of the "Old Roman," who has been fighting for free silver in Ohio for several years, and after the candidate's speech the Democratic nominee for congress in the Columbus district, Hon. J. L. Lentz, addressed the remains of the crowd. The trip down from Cleveland yesterday was made under the escort of the Columbus committee, in a special car on the Big Four railroad, decorated with a streamer announcing "William J. Bryan, our next president." Crowds greeted the train at all the stations along the line, but Mr. Bryan spoke to them only briefly and in an informal way.

TWO CHILDREN BURNED TO DEATH.

The Rest of the Family Had a Narrow Escape From Death.

LAWRENCEBURG, Ky., Sept. 2.—The 10-year-old daughter, Ethel, and the baby boy, Ernst, of John Gray, a merchant tailor, who came here from Cincinnati a few years ago, perished in a fire here shortly before 3 o'clock yesterday morning.

It was only by heroic efforts that the mother and father and two other children were rescued.

All were suffocated before assistance reached them. Mrs. Gray is still in a critical condition.

The building that burned was the Hanks block. Gray used four of the upper rooms as a home and tailor shops. He and his wife were awakened by the dense smoke and rushed to the front window to cry for help. The wife was overcome and fell at a door at the head of the stairs.

Gray in the meantime went out to call for assistance. He returned to the building in an attempt to bring down the missing children. He, too, was overcome.

Hanks' block alone burned, but it was only through the energies of an impromptu fire brigade that several of the best buildings along Main street were saved.

Thomas Hanks is the heaviest loser. The block was worth about \$6,000, half covered by insurance.

The three storerooms downstairs were occupied by J. W. Bell as a confectionery, W. V. Routt as a saloon and John Smith as a barber shop. Routt's loss is about \$4,000; insured. Bell's loss was \$1,200; insured for \$500.

TERRE HAUTE, Ind., Sept. 2.—Elmer Dumbley, who killed Firman Brill at Riley, Aug. 19, had his preliminary hearing yesterday, and was admitted to \$2,500 bail.

DEATH ON THE GALL WS.

A Couple of Murderers Pay the Death Penalty For Their Crimes.

PITTSBURG, Sept. 2.—Joseph Orosz was hanged in the county jail yard at 10:18 o'clock yesterday. Death was due to strangulation. The murderer met his doom bravely and walked to the gallows without flinching.

The crime for which Joseph Orosz was hanged was the murder of his sweetheart, Teresa Bobak, who had rejected him, after promising to be his wife. The killing took place on Jan. 8 last, in a Greenfield boardinghouse. Orosz, who was intoxicated, called on the young woman and asked her if she still refused to marry him. Upon her answering that she had not changed her mind, he drew a revolver and shot her dead. He then shot himself in the left breast, but the wound was not serious.

He was convicted on Feb. 18 and sentenced to be hanged on June 30, but was afterward respited. After the signing of his death warrant he became reconciled to his doom and said he preferred death on the gallows other than a commutation of sentence to life imprisonment or even a term of 20 years.

Another One.

UNIONTOWN, Pa., Sept. 2.—Frank Morris, aged 18 years, was hanged here at 1:30 p. m. for the murder two years ago of Bernard Loker, a farmer of Chestnut Ridge, just above Connellsville. The object was robbery. Morris was a neighbor and believed Loker had money secreted about his house. While Loker was at work alone on his farm, Morris stepped up behind him and shot him in the head. He then ransacked the house, but only got \$38. He was arrested the next day. The murderer was a cheap novel fiend and at no time showed any particular concern about his fate.

NATIONAL BANK CLOSED.

It Was a Complete Surprise to the General Public.

BEATRICE, Neb., Sept. 2.—The First National bank of this city was forced to close its doors yesterday afternoon. The failure was a complete surprise to the general public although it appeared several heavy withdrawals were made the last few days.

The cause of the failure is attributed to the continuous crop failures of the last four years, coupled with steady withdrawals of deposits by customers to meet current obligations and the bank's inability to secure assistance in the east, which is charged to the present strained financial conditions there.

The liabilities of the bank to depositors had been reduced to about \$110,000, while the assets are in excess of a quarter of a million dollars. The capital stock is \$100,000, surplus and undivided profits \$50,000.

Following the failure the officers made voluntary conveyances to the bank of all their real estate including their handsome residences.

The failure carries with it the Beatrice Savings bank with deposits of about \$290,000. It is thought a reorganization will be effected.

FORMOSA REBELS.

Japanese Rule Not Popular Among the Natives of the Island.

SEATTLE, Wash., Sept. 2.—According to Japanese advices just received here Formosa continues in a state of rebellion against Japanese rule. Japanese forces are kept constantly alert in an endeavor to subdue the rebels. Discussing this state of affairs, the Japanese Daily Mail urges the immediate suppression of uprisings and says: "There are certain foreign countries that have long turned longing eyes upon Formosa and are most anxious to get in possession of it. In view of these repeated disturbances and failures to administer the island, the world decides that Japan is not competent to hold it, what a bitter disgrace it will be to her."

Continuing, the paper says the only way in which the government can raise funds for the suppression of disorder and to bring about peace is "to take a really bold step, raising a loan, domestic and foreign, on security of the island. If Formosa be placed in pledge there would be no difficulty in obtaining 100,000,000 yen, for foreigners would be delighted to go into such an investment."

Found Dead in Bed.

ATLANTIC CITY, Sept. 2.—Charles E. Warburton, proprietor of the Philadelphia Evening Telegraph, was found dead in bed in his room at the Garden hotel yesterday morning. Mr. Warburton was 61 years of age, and had been afflicted with heart trouble for some time. A son, Barclay H. Warburton, the publisher of The Telegraph, and a daughter, Mrs. W. Howard Hancock, survive him.

Guarding Supplies.

CALUMET, Mich., Sept. 2.—Colonel Lyons and a company of picked men from the Fifth regiment have gone to Ontonagon where they will guard the supplies that are pouring in for the victims of last Tuesday's conflagration. Hundreds of thieves have flocked there from Duluth and other points and the officers of the law have been unable to save the warehouse from being plundered.

CONSTANTINOPLE, Sept. 2.—Quiet now prevails here, and it is hoped that the danger of further rioting has passed. The Turkish officials are continuing the work of clearing the khans of the Armenians who have been hidden there, and the foreign consuls are supervising this work in order to see that the conditions prescribed by the representatives of the powers are carried out.

YOUTHFUL ROBBERS

Three Boys Charged With Robbing Freight Cars.

ACKNOWLEDGE THEIR GUILT.

They Own Up to Be Connected With Seven Different Robberies—McKinley's Callers. Death in a Gravel Pit—Young Man Suicides—Secret Labor Meeting—Other Ohio State News Dispatches.

BLANCHESTER, O., Sept. 2.—Detective Alex Rudman of the Baltimore and Ohio Southwestern railroad and C. S. Reifsnider of the Ohio Southern, railroad detectives, arrested David and Dudley Parker, twin brothers, and Everett Riggs, all of this place, for robbing freight cars. The lads are only 16 years of age, but acknowledged having done seven robberies at this place, Midland City and the transfer yards at Greenfield.

They are also suspected of having attempted to rob the railroad station at Level recently.

The boys were given a hearing before Mayor Waddle at Chillicothe and freely confessed these crimes. They were committed to the county jail.

McKinley's Callers.

CANTON, O., Sept. 2.—The mountaineer editors of West Virginia have good, healthy lungs. When the party of 86 called on Major McKinley at 3 o'clock yesterday afternoon several hundred people joined in the gathering. Everybody was enthusiastic, and the delegation applauded nearly every sentence Major McKinley spoke. The presentation of the Republican Press association of West Virginia by Mr. P. W. Morris, was unusually witty and entertaining.

Crushed Under Gravel.

CHILLICOTHE, O., Sept. 2.—A horrible accident occurred here shortly before noon yesterday. Willis Free, a laborer, was engaged in getting gravel from a bank, and did not observe that it was slowly slipping down upon him. It fell with a crash, burying him completely. He was quite dead when his frenzied comrades succeeded in getting him out. The body had been terribly crushed by the tons of gravel.

Shovel Pierced His Breast.

COLUMBUS, O., Sept. 2.—Michael Burke, employed in digging a trench for the waterworks department at Town street and Hawks avenue, was killed in a shocking manner yesterday. A portion of the side of the trench caved in and fell upon the unfortunate man in such a manner as to drive his shovel into his chest, piercing his breast. His death was instantaneous.

Young Man Suicides.

CLEVELAND, Sept. 2.—Alexander R. McIntyre, aged 20, freight accountant of the Detroit and Cleveland Steam Navigation company, shot himself through the heart yesterday. He was the son of D. C. McIntyre, general freight and passenger agent of the company. He was found in his bedroom dead. No cause is known for the suicide.

Secret Labor Meeting.

COLUMBUS, O., Sept. 2.—A secret meeting of labor leaders is reported to have been held here to guard against the coercion of workmen by employers in the coming election. Men of all parties were present, but it was agreed that their names would not be divulged.

A Yardmaster's Fate.

COLUMBUS, O., Sept. 2.—Samuel Linton, yardmaster of the Hocking Valley railroad, fell under a cut of cars yesterday and both his legs were cut off. Mr. Linton is well known among railroad men, having been connected with the Hocking Valley since its construction.

Mill Burned.

ASHLAND, O., Sept. 2.—G. H. Vanderstee's large flouring mill at Perryville burned down with its contents. Loss, \$5,000; insurance, \$4,000. Origin unknown.

POWDER MILL EXPLODES.

Three Men Blown Into Fragments and Another One Injured.

ST. LOUIS, Sept. 2.—With a detonation that shook the earth for miles the Equitable powder mills, near East Alton, Ill., exploded at 8 o'clock yesterday morning. Henry Regas, Henry Rogers and Thomas Keffar, employees of the powder works, were instantly killed, and George H. White badly injured. The bodies of Regas, Rogers and Keffar were blown through the roof of the low structure and hurled hundreds of yards into the air.

They reached the earth in fragments. Arms, legs and pieces of flesh were strewn over the ground. The cause of the explosion is at present unknown.

A relief train was immediately sent from Alton with several surgeons on board. The mill has been in operation two years.

Quart Shop Burned.

RUSHVILLE, Ind., Sept. 2.—Word has just reached here that the Carthage quart shop, which began business Monday, was burned to the ground, like its predecessors, Monday night. A man from Morristown had started the quart shop against the protest of the citizens, who have had much trouble from that same source before. Finding their demurrers of no avail, the destruction of the building is the outcome.

SUNDAY afternoon Dan Taylor, colored,

 sault his sixteen-year-old stepdaughter.
 Her screams brought the venerable Mrs.

 broke in the door and rescued the girl.
 Taylor fled and the negroes declare they
 will lynch him when caught.

Hicks, in his forecasts for September,
 says: "Great warmth, followed by intense
 electrical storms, and turning suddenly
 very cool will be the order at each storm
 period, until past the middle of the
 month. Be prepared for frost after all
 general storms, from central regions
 northward, from the beginning of the
 month. From the 7th to 11th is a storm
 period, fraught with indications of danger
 on land and sea. Watch your barometer,
 the wind currents and clouds. As long
 as barometer is low, with wind from east
 or south, the storm centers have yet to
 pass your locality. Be watchful until
 conditions change. The 14th and 15th
 are reactionary days, on and about which
 many restless phenomena may be ex-
 pected—black, blustering clouds, fitful
 winds, thunder and storms—suddenly
 changing to cool. The 19th to 23rd is
 the crisis of the autumnal equinox.
 Many dangerous storms and gales will
 sweep over land, lake and sea, and an
 autumnal wave from the polar regions
 will wind up the general perturbations.
 Cool to cold in northern regions, with
 early snow, will be no cause for surprise."

 ported to be very large and of superior quality.

The Springfield correspondent of the BULLETIN
 thinks the term Ananias does not suit his case,
 that Ananias only lied on himself and did not
 lie on others. Well, now perhaps if we had given
 the subject more thought we might have found
 another word more appropriate to his case and
 fastidious taste. How would Joe Mulhatton do?
 He always made false representations about
 others and as wondrous ones too as the "flower
 barrel rock" on a gravel pike, but, however, all
 misrepresentations are regarded in the same
 light and should be promptly suppressed al-
 though the article in question no sooner left our
 hand than we regretted our folly, for why should
 we burden the labor of the press with a fact al-
 ready known by hundreds of Mason County's
 citizens who have had opportunity to travel over
 this model pike and observe its rare beauty; and
 while those attacked disdained to notice these vile
 persecutions, nevertheless the article served to
 bring out the point already conceived that the
 responsibility of the good condition of the pike
 due the retreating manager would be accredited in
 glowing terms to his successor. Now as to the
 question, "Why did the Commissioners change
 the management of the road?" We would sur-
 mise that is easily answered. The succeeding
 applicant receiving the road in splendid con-
 dition could keep it in repair at less expense and
 greater reduction in price than his predecessor,
 who received it in a run down state.

SARDIS.

The Bullheads and Flatfoots played a game of
 ball at Abigail Saturday. Four of the Sardis
 players helped out the Flatfoots, Douglas, Dillon,
 Vaughn and the BULLETIN's correspondent, who
 played left field, and it is the prediction of all
 that he did well considering the fact that he was
 disabled before entering the game. Douglas
 pitched in winning form. He had good curves,
 splendid control and shot them over the plate in
 cannon ball fashion. Had he received good sup-
 port he would have shut the Bullheads out. As

 Douglas is a strapping big fellow and with

 leaguer, and it is putting it in mild terms to
 say all the Sardis boys played splendidly. Sardis
 has players that can hold their own in any com-
 pany. Batteries: Bullheads, Woodward, Stag-
 and Jones; Flatfoots, Douglas, Hill and Dillon.
 The Flatfoots will play the Union ball team Sat-
 urday next at Kenton's Grove. Either Grigsby
 or Douglas will pitch and you can rest assured
 that they will never see third base. This is as
 certain as Bryan's election in November and
 their feet will be flatter than paucakes when
 they return to the Knobs to seek some asylum

 Sunday school convention here Sunday.

 last on a business trip, returning Saturday
 night.

W. S. Sibbald was in Cincinnati Friday pur-
 chasing goods for his grocery and hardware
 store.

Geo. Owens and children, of Maysville, were
 here Sunday enjoying the shade and medicated
 water our town affords.

Miss Lella Schriver, of Manchester, returned
 to her home Monday morning after a pleasant
 visit at this place and Ripley.

The attendance at the Ripley fair was the
 largest the last day, Friday. Quite a crowd from
 Aberdeen were there on Thursday and Friday.

George Brookover was in Cincinnati last week
 selling tobacco. Prices were very low. Some of
 his crop he sold at 80 cents per 100 pounds, while
 others on the same day sold as low as 15 cents
 per one hundred.

John Purdon, Jr., resigned his position as
 salesman for W. S. Sibbald Friday last. John
 has many warm friends who regret to see his
 smiling face behind the counter. He has held
 this position for about nine years, and will now
 devote his attention to publishing the "Journal"
 in which he has the controlling interest.

The Sunday school convention held at the
 M. E. Church at this place Sunday afternoon
 was a very enjoyable affair. The church was
 crowded, yet not one appeared to be tired at the
 close of the service. The following program was
 rendered:

Opening Hymn—Congregation.
 Prayer—Rev. John Shelton, of Aberdeen.

Song—Choir.
 Welcome Address—Miss Elythe Hill, of Aber-

 Assistant Superintendent Jos. Cheekman.

This was followed by select reading by Miss
 Tomlin, of Ellis Grove, and song by congrega-

Miss Lillie Mutschelkneus then read a lengthy
 composition on "Our Duty to the Sunday
 School."

Miss Bessie Campbell's song and recitation
 "Mother's Prayer" was rendered in the beauti-
 ful manner Miss Campbell always has been noted
 for. This was followed by a song by Misses
 Bessie Sutton, Carrie Hill and Maude Rains.

Messrs. Hill and Rains playing accompaniment on
 the guitar and mandolin.

Address—"Training the boys"—Marion Har-

 gave the parents advice which if heeded would
 make better boys and citizens of us all.

A request the song "Let the sunshine in" by
 Miss Bessie Sutton and J. F. Ellis was repeated.

 gregation on the "Systematic Sunday School."
 Song—Miss Bessie Sutton and Miss Katie Sim-
 mons.

By request Miss Elythe B. McCormick, of Rip-
 ley, then sang a solo, which was very much
 enjoyed.

Owing to the lateness of the hour the services
 were then closed with the doxology, and bened-

REDEEMED THEMSELVES.

The Maysville Boys Shut Out the Portsmouths Tuesday—Base Ball News.

Correspondence BULLETIN.

PORTSMOUTH, O., September 1st.—The Maysville champions redeemed themselves to-day, putting up almost an errorless game and shutting the home team out, score 5 to 0.

The game yesterday aroused great enthusiasm among local fans and the grand stand was packed to-day, fully 800 people being out.

The game was a beauty. It was characterized by sharp fielding on both sides, but the Maysville boys carried off the honors. Shepherd was in the box again for the visitors. He seemed to have patched up his curves over night and was a puzzler for the home team. They were unable to connect with his curves safely but five times. These were scattered so that they were of no advantage. Shepherd, by his good humor and lively coaching, won the hearts of the local rooters and they howled their approval of him at every opportunity. Kellner caught a pretty game.

Severs was in the box for the home team. He pitched a splendid game but his support at times was ragged. Seven of the Maysville sluggers fanned the air.

Maysville scored two of her runs in the sixth and three in the eighth. In the sixth after Kellner flew out to center, Cox beat out a bunt. Hall followed with a single to right and Cox got around to third. Severs made a quick throw to third and caught Cox off the base, but Brooker dropped the ball. He then made a sky-scraper throw home, and both Cox and Hall scored. Sutherland flew out to Gilligan and Shepherd flew out to Welch, retiring the side.

In the eighth, a succession of errors filled the bases with Kentuckians. Mead fumbled Rogers' hit and he reached first. Gilligan played hide and seek with a sharp hit from Kellner's bat and he roosted on first. Mead then lost a chance for a pretty double by fumbling a grounder from Cox's bat. With the bases full, Hall hit a pretty single to center and Rogers and Kellner scored. Sutherland went out, Mead to Blackwell, and Cox scored. Shepherd went out, Gilligan to Blackwell, and Honeyman flew out to center.

MONDAY'S GAME.

The Polos won Monday's game strictly on its merits, outplaying the visitors at all points. The Maysvilles were badly off at times, and did some ragged fielding.

Shepherd started in to pitch. The Polos jumped all over him and kept the Maysville fielders busy chasing singles and doubles. In the first inning five of the home team trotted the circuit of the bases. He was hit hard in the next three innings and in the fifth Wadsworth was put in the box. He fared but little better. Dunham was in the box for the home team. He was hit hard, but the hits were scattered and clever fielding by the home team cut off what seemed to be safe drives.

Honeyman, in left, did some fine work, making several pretty catches and being frequently applauded. He carried off the honors for the visitors.

Sid Cockerill, a member of the Polo team, umpired. The Maysvilles were pretty sore at him, and kicked vigorously at times. He gave their pitchers the

worst of it on balls and strikes, but gave them the benefit of all close decisions on bases.

The score by innings:

BOLD ROBBERY.

Five Tramps Break Into the Store at Bernard, Bind the Proprietor and Help Themselves.

Mr. Charles Case is the proprietor of the store at Bernard, and is also the postmaster at that point. He sleeps in the building, which is a small one, and is only a short distance from the Montjoy residence.

This morning between 2 and 3 o'clock five men battered the door down with a piece of timber, bound Mr. Case and then helped themselves. They got about \$5 cash, Mr. Case's watch and about \$1 in postage stamps. There were about \$10 worth of stamps in the room, but the rest were hidden and the robbers overlooked them.

After eating all they wanted of cheese, crackers, sardines, &c., the gang left, warning Mr. Case not to attempt to leave the building or they would kill him, adding that they expected to rob another house in the neighborhood.

In the struggle with the robbers Mr. Case received a severe blow in the face, and was knocked down. He succeeded in releasing himself an hour or so after the gang left, and ran in his night clothes to the home of his father, Mr. Wilson Case, and gave the alarm.

The local officers were notified early this morning and are at work on the case.

ENTHUSIASTIC.

A Rousing Meeting Held by the Democrats at the Court House Last Night.

A Bryan Club Organized and Starts Out With a Big Membership. Several Speeches.

The Democratic meeting at the court house last night was one of the most enthusiastic held in this city for years.

The large attendance was a gratifying surprise to many people, and the vim and vigor displayed were striking evidence of the lively interest taken in the campaign.

As an opening of the campaign in this city it was a success from every point of view.

The meeting was called to order by Chairman John W. Alexander of the County Committee, and an organization was effected by electing ex-Senator E. L. Worthington Chairman and Mr. T. D. Slattery Secretary.

Subscription lists were circulated and in a short time the chairman reported 216 members enrolled, and read the names. Before the meeting closed the membership was increased to 227, and names since enrolled run up to 237. The name adopted was the Bryan Club.

Short speeches were made during the evening by ex-Senator Worthington, Master Commissioner Kehoe, Judge Wall, Judge Piester, Geo. W. Sulser, Esq., and Mr. L. W. Galbraith. The crowd was right with the speakers and enthusiastically applauded them time and again. The telling points were loudly cheered.

The Chair was authorized to appoint soliciting committees, and the further details of the organization will be completed at the next meeting.

The club adjourned to meet next Tuesday night at 7:30 o'clock at the court house.

Messrs. L. W. Galbraith and T. D. Slattery will speak Saturday night at Lewisburg and a Democratic club will be organized. Lewisburg is the banner precinct of this county and one of the largest clubs in Mason ought to be organized there. There may be speakers in addition to those named above.

The Bryan club of Minerva will hold another meeting Saturday night and all Democrats of the precinct are urgently requested to attend. Master Commissioner J. N. Kehoe, of this city, will address the assembly on the issues of the campaign.

Osborne & Co. Assign.

Mr. W. S. Osborne and Mr. A. M. Lauterbach, tobacco dealers under the firm name of Osborne & Co., made an assignment Tuesday to Mr. J. J. Perrine. The firm made a big purchase of tobacco in Scott County last spring at rather stiff prices, and were caught by the decline since then.

Liabilities about \$30,000. Assets about 180 hogsheds of tobacco.

Mr. Osborne assigned individually to Mr. Perrine. His personal liabilities are placed at from \$10,000 to \$15,000, while his assets consist mainly of 400 acres of fine land near Tuckahoe.

Mr. John W. Osborne also made an assignment this morning to Mr. Perrine. Assets and liabilities not learned. He was involved by the assignment of his brother.

A Child's Remarkable Escape.

The little three-year-old son of Susan Mingua had a remarkable escape late Tuesday evening. She lives in the McDonald house on East Front. The child was playing on the third-story porch in rear, when it climbed up on the railing and fell to the ground. Remarkable to say, no bones were broken and it escaped without serious injury. It is thought. It was getting along very well this morning.

THE INCANDESCENT LIGHT.

Some of the Curious and Commonplace Uses to Which It Is Put.

Incandescent electric lights are used to illuminate the eyes of mounted animals—bears, tigers and lions—shown by furriers. Here obviously a light with a flame would not do, while the incandescent light answers the purpose well and conveniently. The wire is run from the head down through the animal's body and out through one of its feet to a connection with the service wire of the store.

Incandescent lights are used in refrigerators, such as the iceboxes of the wholesale dealer in eat flowers and the butcher. Their use in sidewalk show cases is familiar; in dressing show windows the flexible connection admits of placing the light where it is wanted with each new trimming of the window.

They are used in electric signs, some of which are permanent, while others are formed of letters that are movable, like types, so that the sign can be readily changed as often as may be desired. Electric numbers are made in the same way.

One may see a painter at work at night in a store, paint brush in one hand and electric light—with the wire trailing away back of him—in the other, to enable him to see the better in some nook or cranny that he is painting.

The incandescent lamp is used to light sidewalk awnings. The lamps are strung along a wire hung under the ridge pole inside the awning. The wire and lamps are simply taken in when the awning is. Movable billboards are illuminated in the same manner.—New York Sun.

CHARLESTON, W. Va., Sept. 2.—The boiler in Thomas Morris' sawmill near Garrett's Bend in Lincoln, blew up and killed Mr. Thomas Moore and Thomas Moore, Jr. Henry Blatt was badly scalded and Sandy Chandler had his head crushed. RAILROADS OUTDONE.
Too Many Knights of Pythias Flocking Into Minneapolis.

MINNEAPOLIS, Sept. 2.—The railroads are blocked by such an immense passenger traffic as was never before known in the northwest. The Knights of Pythias, behind their schedule time, continue to pour into Minneapolis from all points of the country. They come, some singly, some in divisions and some in battalions and solid brigades.

Camp Yale of uniform rank Knights of Pythias was turned over in the afternoon to General John C. Loper, the commander of the Iowa division, and senior brigadier general present. The ceremony was quite an elaborate affair. The national colors were hoisted to the top of a 70-foot flagstaff and the new commander assumed charge.

A council of general officers last night prepared the first general orders of the encampment, providing for the regulations, prize drills and all the details of camp life.

OLD VETERANS MADE HAPPY.

One Hundred and Thirty Thousand Visitors in St. Paul.

ST. PAUL, Sept. 2.—The second day of Grand Army week opened with just enough clouds to make the weatherwise expect rain, but the clouds served simply to make it more comfortable for the marching veterans as they tramped to their quarters or participated in the parade of naval veterans and ex-prisoners of war.

The number already here and the number known to be en route to the encampment demonstrates that the conservative railroad estimate of 130,000 visitors, which was based on the number of the tickets sold and contracted last week, will be short of the actual number present when the grand parade starts.

Last night was given up to camp fires by the veterans and to the grand reception arranged for them by the ladies committee of this city. The evening was a trifle cool for this last feature as the arrangements called for an outdoor promenade and reception following the camp fires. Summit avenue had been set aside for this, a distance of half a mile with six reception booths, the entire street brilliantly illuminated with electric lights and handsomely decorated with flags and bunting.

The main reception stand was at Summit park, where Commander-in-chief Walker and Mrs. Walker and many of the distinguished visitors received with the local committee.

Three camp fires were held in the evening, at the Auditorium, Market hall and at Paul Martin's opera house. Among the spectators were General Daniel Sickels, Major William Warner, Archbishop Ireland and many others.

EXPLOSION OF NITROGLYCERIN.

Four White Men and Eight Chinese Meet a Violent Death.

PINOLE, Cal., Sept. 2.—An explosion in the nitroglycerin house of the California Powder company, yesterday afternoon, wrecked the building and caused the death of 12 workmen; eight Chinese and the following whites: James McNulty, W. W. Crates, James Fritz and M. G. Garcia.

Several of the workmen were more or less injured by the explosion, which was followed by a second concussion. The plant comprised about 30 isolated buildings and these caught fire after the explosion and were practically destroyed. The company estimates the property damaged at \$20,000.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
